## The Seminar Text

The core of Dr. Turner's *Releasing the Writer Within Seminar* is his new book, *How I Wrote 85 Books in my Spare Time*. A digest of what he has learned in over 40 years of writing, editing and publishing. The book contains four (4) major sections:

1. 50 Questions and Answers
2. 12 Writing Tips
3. 55 Inspirational Quotes
4. 12 Publishing Sources

The combination of the seminar material and content of this book will help you release the writer within. You will develop confidence and discover how to write, edit and publish your material. As an added bonus Dr. Turner will serve as your personal consultant for 60-days after the seminar.

Do you know the number one thing that stops people from writing? Fear! That's right, fear. Fear of being laughed at; fear of being rejected; and fear of not having anything to say. Fear causes you to conjure up excuses, procrastination, and copouts for not writing. You will never find the right time on the clock to begin writing. It's all in your head; when your mind and heart say it is time, you will begin to release the writer within, not until.

This seminar will be your day of new resolve and new beginnings as you take the first step in *Releasing the Writer Within*.
